

Dunmore East Fishermen's Local Action Group

Waterford LEADER Partnership, under the Tús Community Work Placement Initiative, is delighted to be involved with Dunmore East Fishermen's Local Action Group. Within this group, Tús Participants are engaged in meaningful employment and provide beneficial assistance, not only to the group, but to the community at large.

The Dunmore East Fishermen's Local Action Group, is a voluntary group of individuals, dedicated to ensuring that the needs of their local community and fishing industry are met. The group is currently involved in a number of projects including a visual branding project showcasing the regeneration of Dunmore East Harbour, a training scheme for fishermen, and a feasibility study involving the establishment of a Marine Enterprise Centre, A Tourism & Heritage Centre and a Depuration Treatment Centre for Shellfish.

The Groups office is currently staffed by a Tús Participant, who's duties include day to day office administration, maintaining records, research and development and the smooth running of the community drop in office for fishermen.

WLP are inviting applications from organisations and voluntary group, for Tús involvement, on an on-going basis. An Expression of Interest Form, with the eligibility criteria, can be found on our main website page.
