LABORATORY APPRENTICESHIP – BALLYMACARBRY PINWOOD HEALTHCARE

Pinewood Healthcare is a leading developer, manufacturer and marketer of healthcare products, currently employing over 320 people across two sites in Tipperary and Dublin. Originally established in 1976 to serve the renal care market in Ireland, Pinewood evolved over the years under indigenous Irish ownership until its sale in 2006 to the Wockhardt Group, an Indian global pharmaceutical and biotechnology company headquartered in Mumbai, India. Wockhardt employs over 7,000 people across 27 nationalities with a presence in the USA, UK, Ireland, Switzerland, France, Mexico, Russia and many other countries. It has manufacturing and research facilities in India, the USA and UK and a manufacturing facility in Ireland (Pinewood Healthcare).

Are you looking to kick start a career in science and get an education while gaining practical work experience?! Why not consider the Laboratory Apprenticeship Programme in Pinewood Healthcare. Pinewood Healthcare is well placed to facilitate, mentor and nurture new aspiring talent.

In partnership with Ibec and Technical University of the South East, Pinewood Healthcare is seeking candidates for the Laboratory Apprenticeship Programme. This is a 3 year program combining on the job learning and off the job learning in our education provider, ***Technical University of the South East (formally Waterford Institute of Technology).***

During the term, the apprentice would work 3 days per week in our high-tech Laboratory, learning on-the-job, while spending 2 contact days per week with ***Technical University of the South East.***

The “blended” learning approach is highly effective for all learning styles and preferences.

The programme is designed for those who wish to develop a career in the laboratory environment of the Biopharmaceutical, Pharmaceutical, Chemical Manufacturing, Food and Drink, Medical Devices and Diagnostics, and Analytical Testing Laboratory sectors. Employment in these sectors is forecasted to grow significantly over the next 3-5 years marking this an excellent time to get on-board.

Benefits for you:

- Get a qualification while working
- Earn while you learn – get a contract and salary
- Gain excellent industry experience and mentoring

- Gain excellent career prospects
- Work in a friendly, professional environment
- Gain experience working within an experienced technical team

Entry Requirements:

For entry into year 1 of the Level 7 Programme applicants must have the following:

- Pass (Grade O6 or better) in five leaving certificate subjects one of which must be maths and one science related subject
- 250 CAO points

OR

- Successful Level 6 Laboratory Technician Apprentices
- Candidates with a Level 6 in a related discipline
- Current employee with relevant experience and qualifications
- Mature student

Course Description

The new, industry-led Laboratory Apprenticeships were developed by BioPharmaChem Ireland, an Ibec business sector, along with a strong industry consortium and the Institute of Technology Tallaght as the lead provider and is suitable for a diverse laboratory environment, for example Biopharmaceutical, Pharmaceutical, Chemical Manufacturing, Food and Drink, Medical Devices and Diagnostics and Analytical Testing Laboratory sectors.

The laboratory apprenticeships are higher certificate and degree programmes that combine paid on the job training with academic study.

These programmes are suitable for leaving certificate students, career changers, mature students, those with an equivalent qualification, who have an interest in pursuing a career in science or anyone looking to retrain or upskill in this sector.

The laboratory apprenticeship leads to a Level 7 Ordinary Bachelor of Science Degree as a Laboratory Analyst.

The laboratory apprenticeship programme has been developed to support a learning structure of three days in industry and two days in academia. This structure facilitates the continuous learning and hands on work experience undertaken by the apprentice who, with the support of leading professionals and Institutes of Technology, will learn the behaviours and skills - including but not limited to the analysis of samples, equipment preparation, pH checks, titrations, water testing, chromatography and microbiological techniques - necessary for a successful career in a laboratory environment.

- [1. What the Work Placement Experience Programme is](#)
- [2. How to qualify](#)
- [3. Rate of payment](#)
- [4. Apply](#)
- [5. Operational Guidelines](#)

For measures announced in Budget 2022, [please click here](#).

What the Work Placement Experience Programme is

The Work Placement Experience Programme (WPEP) is a 6-month, 30 hour per week voluntary work experience programme. The programme is for jobseekers that are currently getting a qualifying social welfare payment and who have been unemployed for six months (156 days) or more.

The weekly rate of payment is €306.

See the qualifying list in the [next section](#).

If you would like to re-train and gain experience in another type of employment, this programme can help you build new skills and gain work experience. You cannot take a placement where you already have built up experience in the role.

You can work part-time while you are on the programme, provided the part-time work does not impact your placement. The part-time work cannot be with the WPEP host.

COVID-19 Pandemic Unemployment Payment

If you are getting the COVID-19 Pandemic Unemployment Payment (PUP) and you would like training and work experience in a new work role, the WPEP may be an option for you.

Time spent on PUP may be counted as part of the 6 month (156 day) qualifying criteria for WPEP, but you must transfer to one of the [qualifying payments](#) before you can take up a WPEP placement.

How to qualify

To qualify for the Work Placement Experience Programme, you must be a jobseeker:

- aged between 18 and 65 years, and
- on a qualifying scheme for at least 6 months (156 days), and
- currently getting certain social welfare payments

The qualifying payments are:

- [Jobseeker's Allowance](#)
- [Jobseeker's Benefit](#)
- [Jobseeker's Transitional Payment](#)
- [One-Parent Family Payment](#)
- [Disability Allowance](#)
- [Blind Pension](#)
- [Farm Assist](#)
- [Jobseeker's Benefit for the Self-Employed](#)

Time spent on the schemes below may be counted as part of the 6 month (156 day) qualifying criteria. You must transfer to a Jobseekers' payment before you can take up the placement.

- [COVID-19 Pandemic Unemployment Payment](#)
- [Community Employment Programme](#)
- [Back to Education Allowance](#)
- [Youthreach](#)
- [Springboard](#)
- [Solas Training Programmes](#)
- [TÚS - Community Work Placement Initiative](#)
- [Rural Social Scheme](#)

Jobseekers who are currently getting the COVID-19 Pandemic Unemployment Payment must qualify and switch to a Jobseekers' payment before they start the programme.

The [WPEP Guidelines](#) provide information on participant eligibility or you can check with your [local Intreo Centre](#) Case Officer to see if you are entitled to take part in any scheme or placement.

Apprenticeships

You may have heard about Apprenticeships but not understood what they are or what they involve.

Apprenticeships are a fantastic opportunity to train in a specific skilled area while getting paid and earning a qualification. In Ireland, there is a lack of skilled workers in certain industries. This is especially true with some losing their jobs during the pandemic. An apprenticeship is a great way to change careers and immediately start earning again.

But what exactly is an apprenticeship and how does it work? In this blog, we'll answer these questions and more.

What is an apprenticeship?

An apprenticeship is a training and education programme that combines learning in a college/university or training centre with work-based learning in a company.

At least 50% of apprenticeship learning is completed in the workplace.

When you think of an apprenticeship you probably think of things like carpentry, plumbing, mechanics, and electrical apprenticeships. These 'traditional' apprenticeships are called craft apprenticeships.

A craft apprenticeship generally lasts for 4 years, during that time you will spend 3 different periods in off-the-job training. Craft apprenticeships include carpentry, plumbing, motor mechanics and electrical apprenticeships. Craft apprentices are awarded a QQI Level 6 certificate.

Since 2016, new apprenticeships introduced can be for between 2 and 4 years and lead to an award between Levels 5 and 10 on the [National Framework of Qualifications](#).

There are a number of models of on-the-job and off-the-job training, as well as different models of delivery and different target groups. Industry-led groups which work with education and training providers and other partners, oversee the development and roll-out of new apprenticeships. New apprenticeships are available in Information Communications Technology (ICT), finance, insurance and hospitality including software development, accounting technician, insurance practitioner and commis chef.

All successful apprentices receive a QQI qualification which is recognised internationally.

What types of apprenticeships are available?

There are currently 64 different types of apprenticeship available and over 8,400 employers approved to train apprentices. Check out [the Apprenticeship website](#) to see exactly what's available.

More programmes are being developed all the time. On Monday 23, May, the first-ever [apprenticeship for bar managers](#) was launched.

Will I earn money?

Yes, you will! Apprentices 'earn while they learn' – they have a formal employment contract and are paid a salary for the duration of their apprenticeship training.

If you are doing a craft apprenticeship, then you will be paid the [recommended apprenticeship wage](#) by your employer while you are on the job, when you are in college the Education and Training Board will pay you a weekly allowance that is the same as your on-the-job wage.

If you are doing a new apprenticeship (those developed since 2016) you will be paid by your employer for the duration of the apprenticeship. The rate of pay is agreed between you and your employer. How much you will earn will depend on the apprenticeship programme you do.

Important to note: Your annual leave entitlements continue to add up when you are off the job. But you must take them when you are on the job and with the agreement of your employer.

If you are an apprentice with children, you should investigate whether you qualify for the [Working Family Payment](#) (WFP). It is a weekly tax-free payment for employees who have children. Apprentices qualify for the payment once they meet the other criteria.

How do I qualify for an apprenticeship?

Generally speaking, you need to be at least 16 years old and have a minimum Grade D in 5 subjects in the Junior Cert or equivalent. However, some apprenticeships and employers might require higher qualifications and other requirements. It all depends on the apprenticeship.

But don't worry if you don't meet the criteria – there are alternative routes to accessing an apprenticeship! If you don't have the required qualifications, you can complete an approved preparatory training course followed by an interview or if you are over 18 and have a minimum of 3 years of relevant work experience you can do an assessment interview.

Some apprenticeships will require you to pass a colour vision test.

What does it cost?

Apprentices do not pay tuition fees. However, they do have to pay the [Student Contribution Charge](#) (also known as the registration fee). They do not pay the full amount but pay a part of the fee based on how long they will be in the college.

For example, the student contribution charge is capped at €3,000 per academic year for full time students. For an apprentice who might spend a 10/11 week semester at college they would only pay €1,000.

Apprenticeships do not qualify for the SUSI grant.

Who can be an apprentice?

Anyone can be an apprentice, as long as you meet the criteria! Apprentices are learners of all ages who come from all types of educational and employment backgrounds. – there are currently over 24,000 apprentices completing training in Ireland and they include school leavers, older learners, people who wanted a career change, women, people with disabilities and people from diverse backgrounds.

How do I apply for an apprenticeship?

To apply for an apprenticeship, you should contact the apprenticeship section of your [local Education and Training Board \(ETB\)](#).

Where do I find out more?

For more information on apprenticeships visit www.apprenticeship.ie

The website is packed with information about becoming an apprentice. You will find a full list of all available apprenticeships as well as the contact details for your local ETB . The website also lists employers that are currently looking to take on apprenticeships. You can also call the dedicated helpline for free on **1800 794 487**. Open 12pm-6pm Monday-Friday.

We hope you've learned something more about apprenticeships and the great opportunities they can offer to all kinds of people whether they're just finishing school or are looking for a change of pace.
