CE Vacancies

An Roinn Coimirce Sóisialaí
Department of Social Protection

What is a CE scheme?

The Community Employment (CE) programme (more commonly known as the 'CE Scheme') is designed to help people who are long-term unemployed (or otherwise disadvantaged) to get back to work by offering part-time and temporary placements in jobs based within local communities.

If you are a participant in the CE scheme, you can take up other part-time work during your placement. After the placement, you are encouraged to look for permanent jobs elsewhere, based on the experience and new skills you have gained while on a Community Employment scheme.

You can find out more about CE and the experience of CE participants in the [DSP video on Community Employment](#).

The [Department of Social Protection \(DSP\)](#) gives allowances and funding to assist with the Community Employment scheme, for example, your wages, supervisor grants, materials grants and specific skills training grants. Community Employment sponsors are the voluntary organisations or public bodies that manage CE schemes at a local level. Detailed information is available in the [Community Employment procedures manual \(pdf\)](#).
