DUNGARVAN College invites people considering courses to visit our College Open Day on Wednesday, March 15th, to talk to our teachers about our range of courses on offer for people looking for a course starting next September. We would be delighted to share information about course content, job opportunities and college progression routes after the successful completion of the course.

Our post leaving certificate courses are suitable for both Leaving Certificate students and adults hoping to upskill or change their career options. We offer certification with examining bodies including QQI, ITEC and ATI.

Courses on offer for September 2023 include:

- Accounting Technician
- Art Portfolio
- Beauty Therapy
- Business Administration
- Business Studies
- Childcare
- Community Health Services
- Special Needs Assistant
- Engineering
- General Studies
- General Studies – Social Option
- Healthcare Support
- Laboratory Assistant
- Nursing Studies
- Pharma Manufacturing Operations

- Sport, Exercise and Coaching
- Sports Science

Dungarvan College is currently taking online applications for courses and will be holding course interviews next May.

Courses for Leaving Certificate students

A course offers Leaving Certificate students the option to undertake an area of study in order to see if they are interested in that option as a career. Entry to courses is based on an interview and is not based on CAO points. On successful completion of the course the graduate has both the option of either progression to further college courses or look for employment. Graduates interested in further college studies also have the option of gaining up to 390 CAO points or even using a college progression route and gaining access to specified courses with an entry requirement of CAO points in excess of 390 CAO points.

Graduates of our courses have been able to access college courses in the past including Nursing, Early Childhood Studies, Law, Commerce, Accounting, Sports Studies & Physical Education, Art & Design, Engineering, Psychology, Science and Social Science.

We would be delighted if Leaving Certificate students and

their parents would visit our Open Day to find out more information about our courses and the options available to course graduates.

Courses for Adults - hoping to gain a qualification

Our courses are suitable for adults of all ages and nationalities. Many students undertake a course in order to gain a qualification in order to improve their current job opportunities and sometimes adults undertake a

course in order to change their career options.

Our courses offer small class groups sizes and expert tuition which allows us to support the student in the pursuit of their educational goal.

If a person is on social welfare payments prior to the course they may qualify for either Back to Education Allowance (BTEA) or Vocational Training and Opportunities Scheme (VTOS) which may allow you to main-

tain your weekly social welfare payments and benefits.

Students over 21 years of age and on social welfare for more than six months by September 2023 may qualify for a VTOS course place which would allow them to undertake a course at no expense and the student may

even be entitled to additional benefits such as free books and travel expenses.

We would be delighted if adults considering course options would visit our Open Day to find out more information about our courses and the options available to course graduates.

BENEFITS OF STUDYING A POST LEAVING CERTIFICATE PROGRAMME

- Training for the workplace.
- Cost effective qualification.
- Opportunity to taste a subject area before committing to a degree.
- Earn up to 390 CAO points from a PLC programme.
- Start your college life with a qualification.
- Opportunity for mature students to get back into education.
- Stepping stone to college courses.
