#### Inventory, Customs & Excise Manager

Department / Function : Manufacturing Location : Clonmel Contract Type :

Permanent Working Pattern : Full-time

Ireland is home to Bulmers, the best loved Irish cider in the world. We grow the apples there and make the cider in the heart of Clonmel, Co. Tipperary where our own orchards are the pride of the town. Our Bulmers cider is a fabric brand in Ireland, the number one by far and our teams in Ireland are proud to manufacture, market, distribute and sell to thousands of customers, with teams right across Ireland and offices in major cities like Dublin, Clonmel and Cork.

We are currently looking to recruit an Inventory, Customs & Excise Manager to join our team based in Clonmel.

#### **Third Party Supply Planner**

Department / Function : Manufacturing Location : Clonmel Contract Type :

Permanent Working Pattern : Full-time

C&C Group plc is a premium drinks company which owns, manufactures, markets and distributes a unique portfolio of beer and cider brands in its home markets and across the globe. You probably know us best from brands like Bulmers, Magners and Tennent's

As our Third Party Supply Planner, you'll play a key and integral role in ensuring product availability for all of our Third Party Products across multiple vendors and suppliers. In the role you'll be accountable for reviewing a large amount of data and using this to make informed decisions regarding optimum replenishment levels in line with invetory targets, whilst also balancing stock in line with working capital targets.

This role is available based from our Clonmel office.

Please click 'see Full Description' for more information and the Job Description.

Department / Function : Technology & Transformation Location : Clonmel

Contract Type : Permanent Working Pattern : Full-time

#### About the Role

The Infrastructure Support Specialist will be responsible for ensuring C&C Group has a robust and scalable IT Infrastructure that meets the needs of existing and future business, while maintaining standards and best practices set by Group I.T. To travel to C&C group sites to assist change programs, preventative maintenance, audit and BAU.

#### **Key Accountabilities**

- End Point Management: to provide installation, management and technical assistance for all elements of the IT End Points.
- Compliance: provide proactive management of End Point estate in line with company polices and processes.
- Anti-virus and operating system patch management, security vulnerability mitigation.
- Software license and hardware asset management.
- Hardware and software life cycle management.
- Provide 2nd and 3rd line assistance, maintaining system uptime and minimising disruptions to guarantee the smooth running of manufacturing and warehouse operations.
- Maintain asset inventory of hardware within assigned territory.
- · Comply with agreed processes and procedures for incident, service request and problem management.
- Identify and assist in the remediation of service impacting issues. Escalate incidents to the operations manager using predefined
  procedures where the resolution falls outside agreed service level agreement targets.
- Identifying opportunities to plan, facilitate and execute continuous improvement in infrastructure.
- Collaborate with senior infrastructure specialists with the design, implementation and documentation of secure agile integrated
  infrastructure solutions that take advantage of technology advances which facilitates cost reduction, standardization and Legacy removal.
- Assist the infrastructure manager in disaster recovery and business continuity plans, ensuring regular review and test of those solutions
  and that they are fit for purpose and use.
- Reduce complexity and introduce one standard of Infrastructure across office, warehouse and manufacturing locations.
- Continuously collaborate with the IT Security team to ensure we have the appropriate infrastructure security policies and tools, identifying
  the threat landscape and removing threats and breaches from misuse, malicious activity or service failure.
- Monitor systems performance using appropriate tools and mechanisms, generating reports for both technical and non-technical staff and stakeholders.
- Research new technologies and solutions. Ensuring a good understanding of current technology landscape and future direction of products / services being offered.
- To contribute to the delivery and operation of specified parts of the infrastructure solution within C&C Group, ensuring that service is fit for purpose in terms of performance and security including software and hardware elements.
- · To provide out-of-hours assistance where deemed necessary and appropriate

#### About Us

Operating through the Matthew Clark, Bibendum, Tennent's and Bulmers Ireland brands, the Group has a market leading range, scale and reach including an intimate understanding of the markets it serves.

Together we grow, brew, manufacture, market, and deliver some of the world's favourite drinks. From grass to glass, and everything in between. C&C Group plc is a premium drinks company which owns, manufactures, markets, and distributes a unique portfolio of beer and cider brands in its home markets and across the globe.

C&C Group's portfolio of owned/exclusive brands include: Bulmers, the leading Irish cider brand; Tennent's, the leading Scottish beer brand; Magners the premium international cider brand; as well as a range of fast-growing, premium and craft ciders and beers, such as Heverlee, Menabrea, Five Lamps and Orchard Pig.
